5th EU Brokerage Event on KETs in Horizon 2020 - 17th October 2017 - Strasbourg, France

The French and German National Contact Points (NCPs) and Enterprise Europe Network (EEN) Grand Est - Alsace, in collaboration with the Europe Alsace Network, will organise an EU Brokerage Event. Dedicated to Key Enabling Technologies (KETs) NMBP (Nanotechnologies, Advanced Materials, Biotechnology and Advanced Manufacturing and Processing), it will target upcoming calls (2018-2020).

Open innovation hubs, Open science, Open to the world are the 3 main pillars of the next period. Breakthrough innovations, Advanced and disruptive technologies will be the priorities based on 3 major technological axes : Foundations for tomorrow's industry, Industrial sustainability, Transforming European industry.

SMEs, Company R&D Staff, Research Laboratories, Scientists, Universities, Scientific Institutions, actors of the fourth industrial revolution, energy, climate action and circular economy, register and participate to the event.
